Hello friend,

During my travels, I have found many leaders in the Body of Christ who are looking for a group of like-minded people they can run with. Loneliness, seclusion, and isolation plagues the lives of many great men and women of God, both in the church and the marketplace.

That is why I'm introducing the Destiny Global Network—an affiliation of leaders to network with to strengthen ministries, businesses, careers, families, and personal lives.

God is calling out a new breed of the most powerful ministers the world has ever seen. And our desire is to provide a platform that brings these men and women of God together in relationship to transform cultures and nations.

“As iron sharpens iron, so a friend sharpens a friend” (Proverbs 27:17 NLT).

“If the axe is dull, and one does not sharpen the edge, then he must use more strength; but wisdom brings success” (Ecclesiastes 10:10 NKJV).

All around the world, God is using many strong apostolic leaders to be spiritual fathers, mentors, and coaches to other ministers and marketplace leaders. The purpose of an apostle is to encourage, serve, and empower leaders who choose to run with them.

True apostles are not above all the other ministry gifts, like some sort of multilevel marketing opportunity—true apostles are actually the foundation layer upon which great successes rest. They have a unique assignment to empower the other ministry gifts—prophets, evangelists, pastors, and teachers—and marketplace leaders to transform the Seven Mountains of Society by unleashing their full potential and procuring resources needed to achieve their personal dreams.

The Destiny Global Network is about working together to have more influence and make a greater impact to expand God's Kingdom on earth.

If you want to be part of a network of leaders who are ready to move beyond personality-driven programs and are committed to transforming the culture as a group, then pray about becoming a member of Destiny Global Network (DGN).

I look forward to hearing from you.

Your Servant,

Dr. Keith Johnson

Our Purpose

To empower leaders to fulfill God's highest desire for their lives—their God-given destiny.

Our Service

The Destiny Global Network was established to:

- Help you start businesses.
- Provide opportunities to visit foreign countries with Keith Johnson and MISSION 417.

Our Goal

Through the efforts of this entire network, we want to be used by God to change 1 million lives in the next 10 years.

Our Plan

Local

Help local pastors discover, develop, and deploy saints to move into ministry. To launch and implement Project GROW (God Rewards Our Work) in each church affiliated within the network. To motivate and empower every saint to make a commitment to grow the local church by giving two hours a month to take the Kingdom of God outside the four walls of the church and into the world.

International

To conduct several MISSION 417 global outreaches each year outside the United States. Establish one Destiny College International school in every country.

Core Values

To be truly effective for Kingdom work, every leader needs apostolic alignment with a father, mentor, or coach who is actively involved in releasing their full potential.

The Destiny Global Network seeks to meet the need of seeing each Kingdom leader enabled, empowered, and released into their God-given assignment. We look to Keith Johnson, PhD, as the primary apostle, mentor, and spiritual authority of our network with the Destiny Leadership Council who will also assist him in serving and ministering.

We believe healthy churches grow. Together we are stronger. Although each local church remains autonomous in its government, we believe there is strength in unity. Together we can be more effective than by working alone. We therefore cooperate together by sharing friendships, resources, and giftings.

Connect to DGN in One of Three Ways:

1. Friendship

Friendship is a colleague-level relationship where ministry and marketplace leaders get to know us and are affiliated with us through exclusive training. You will have special access to our monthly Virtual Leadership Summit. These monthly meetings are designed to keep you on the leading edge of your ministry assignment. We simply ask for a special donation of at least \$30 a month to cover the cost of the Virtual Leadership Summit.

2. Fellowship

A Fellowship is a partnership level where minister and marketplace leaders are affiliated with Destiny Global Network and the executive team. They are on a path to licensing/ordination and accountability. These participants can expect ministry visits by Dr. Keith Johnson and members of the DGN team. Special access to monthly Leadership Summit Teleconference meetings is also included. We ask for a regular financial commitment and attendance to a minimum of one DGN conference or gathering.

3. Family

Family is a covenant-level relationship with DGN ordained/licensed ministers and churches. There is mutual accountability, commitment, and support of DGN and the team as well as agreement of purpose and mission.

This relationship is the most vital as we have chosen to live as a family and community. In a family atmosphere, we come together and set aside our agendas, titles, and individuality to be truthful, transparent, and teachable.

At this level, we are more concerned about “who” you are than “what” you are doing. We desire to help you become more like Christ and bear fruit that will remain. As part of our family, everyone is expected to pitch in prayerfully, financially, and with their time to build a lasting legacy to release an inheritance for the next generation.

Churches, ministries, and marketplace leaders who connect at this level believe in tithing and offerings, not because they have to or are required to, but because they want to give cheerfully with a willing heart of love.

Pastors and ministers who choose to connect at this level can expect personal assistance from Dr. Keith Johnson as needed.

Note: If you are part of an existing denomination or network, you do not have to leave these fellowships to be part of our group.

JOIN US MONTHLY AT THE VIRTUAL LEADERSHIP SUMMIT

What is the Virtual Leadership Summit? Every month Dr. Keith Johnson and other ministry friends gather leaders from around the world for leadership coaching, strategic planning, training, and skill sharpening.

The first half hour is learning leading-edge material from some of the top pastors and leaders of our day. We discuss practical ministry issues followed by a half hour of discussion when pastors and leaders ask questions concerning the summit topic for that month.

Financial Information

We can be most effective working for the Kingdom of God by working together, sharing resources, and giving, than individuals or churches would be if working on their own. God has brought us together for this purpose.

There is a divine mandate on DGN to empower and train a new breed of leaders for the final global harvest. We host conferences to train and equip leaders, retreats for relationship building and edification, minister roundtables, as well as missions endeavors and church planting. All of these outreach ministries require financial resources, which include salaries, administrative costs, mailings, virtual conferences, quarterly meetings, scholarships for Destiny College International, and establishing extension college campuses.

We have researched the operations of many networks and ministerial fellowships and do not want to legislate relationships merely through finances. We strongly believe divine principles produce divine results. Therefore, we feel the best method is the principle of tithing as described in Scripture. We believe that people should tithe to where they are fed and where they receive spiritual care and apostolic alignment.

The nation of Israel tithed to the Levites, who in turn tithed to the priests (see Nehemiah 10:38; Numbers 18:26-28; 2 Chronicles 31:6-10, 31:19; and Deuteronomy 26:12) For ministers who desire to set an example by tithing in the local church offering, the church could send in an amount equal to the pastor's personal tithe for them.

This will give us the regular financial resources needed for operating expenses, as well as provide scholarships for students who are accepted to attend Destiny College. We would also like to develop a combined financial base for our international missions projects—planting and building churches and establishing Destiny College campuses in each country.

Keith Johnson International currently impacts 10-15 nations a year with confidence, leadership, and wealth. Many churches designate 10 percent of their church income toward missions. We would ask each church in the network to consider contributing a portion of their church income for these mission endeavors. Where limited resources exist, we want to be understanding and supportive.

In conclusion, your financial commitment should be born out of a willing heart. We will never pressure you for offerings or make you feel unimportant because you do not give *big* amounts. We also refuse to push *crisis-based* offerings and support. Our desire is that finances would not hinder any minister, marketplace leader, or church from becoming involved with DGN. If you have any questions, please feel free to discuss them openly with us.
